DOWN

Into the Darkness and Damp

Of the Anthracite Coal Mines.

Arbiters Will See Exactly How Miners Work.

Scranton, Pa., Oct. 30.—The Coal Strike Arbitration Commission began its work this morning. The members of the commission arrived here late last night. Upon their arrival they were taken to the Hotel Jermyn, where their headquarters will be located while in this city. All the members of the Board and the two recorders are here.

At 10 o'clock the commission began its tour of the region. The party left the hotel and went to the Delaware and Hudson depot, where a special train of three Pullman cars was waiting to take them up the valley as far as Forest City.

The commission will first visit the mines of the Erie company. They will go down into the mines and see just exactly how the men work. They will be accompanied into the mines by a superintendent or fire boss as a precaution against accident. The commissioners will return to this city this evening.

NO JOKE.

City Officials Mean What They Say.

More Talk About Tearing Up C., T. & V. Tracks.

There is no joke about it when the City Commissioners say that they will tear up the tracks of the C., T. & V. Railroad Co. on Ridge st. And Council is backing them in this determination, too.

They claim to have discovered that the C., T. & V. has no right to occupy this street, and as a matter of principle the tracks will be torn up.

This spirit of destruction has hovered over the city officials ever since the C., T. & V. refused to allow the city to open a street across the company's tracks, just west of Prune st. bridge. The city officials claim that whenever the railroads want anything from the city they never hesitate to ask, and that in nearly every case they refuse to give anything of value in return. For this reason, the city officials are determined to make for the C., T. & V. as much trouble as possible.

STEPPED

In Front of a Kent Car

And Was Severely Injured Last Night.

James McQuillan Saved From Instant Death by Fender.

James McQuillan, aged 50 years, unmarried, was struck by a north-bound Kent car about 9:30 Wednesday night, and seriously injured. McQuillan, who lives on North Hill, was walking along beside the track, near the Collinwood allotment, according to the story of the motorman of the car, and stepped on the track directly in front of the car. The motorman states that he tried to stop the car, but could not. McQuillan was picked up by the fender, otherwise it is believed that he would have been ground to pieces. As it was his left shoulder was dislocated, his face and head were cut and bruised and he also suffers from the shock. A Cuyahoga Falls car brought him to Akron, and Parks' ambulance took him to the hospital, where he was attended by Dr. C. T. Parks.

It was stated at the hospital Thursday afternoon that McQuillan will probably recover.

Louis Warner, of Warwick, was an "Anxious Inquirer" at Police headquarters last evening. While he and his family were away from home, Wednesday afternoon, his house was visited by burglars, ransacked and money to the amount of \$70 was taken. Three men, who, he believed, were the ones who visited Warner's home, were seen in the neighborhood by people living nearby, yesterday. One of them was carrying a glass cane, and the three had been visitors at the Warwick Glass factory earlier in the day. The Police will watch.

Won by Portage Golfers

Will Be Presented Monday Night.

One of the most important social events of the year for the Portage Golf club will take place at the club house next Monday night, when there will be a reception given by President R. P. Marvin to the members of the club. A feature of the evening will be the presentation to winners of all the cups which have been won by members of the club during the season just ending. There are about a dozen trophies to be presented, and many of them are cups provided by Mr. Marvin.

This will mark the end of the golfing season, as far as any events of importance are concerned.

Woodring, of Akron, have been largely instrumental in bringing these people into the order.

DAY MEN

Must Also Work Friday Night.

In addition to the regular night force of police, all of the day men will be on duty at least a part of Friday night, for the purpose of protecting property and arresting any halloweeners who may be detected destroying or injuring it.

"We have hundreds of requests from property owners, about this time," said Captain Gullett, Thursday morning, "who want us to station policemen at their residences all night Friday night. If we had ten times as many police as we have now there would not be enough to take care of these requests. The men will be instructed to watch as carefully as they can and arrest without hesitation all who are caught injuring or destroying property."
